

# COMPUTER SCIENCE STUDENT SEMINAR SERIES

## *Student Internship Experience*

October 24, 2006, Tuesday, 12:30 PM – 1:45 PM

Coach House 101 B

---

**Speaker:** Daniel Farfan

**Topic:** The Digital Asset Manager Project

Dan is a senior in computer science. He will describe his internship experience during the summer of 2006 as an internee at the IT Department of Becton Dickinson (BD), a major pharmaceutical company in the region.

He will discuss his experience working as a team member on the *Digital Asset Manager Project*. Digital Asset Manager is a system meant to benefit the BD Graphics Lab as a repository for their graphics and projects

Besides technical accomplishments, Dan will talk about how, where, and when to apply for a summer internship position. He will also address issues such as how to best prepare your resume and how to present yourself during an interview.

---

All are welcome.
